

Post-Atlantean timeline

By Corinne Coster ~ July 2014

The intent with this document is to present if possible a comparative view of Earth history post Atlantis. Please bear in mind that it is not an exhaustive document, and that the purpose is only to help those who want to research and know more about the real history of planet Earth.

With that intention I have used **The Ra Material from L/L Research** (on the right) as a 'non-human' reference, and compared it to dates and/or documents excerpted from mainstream/scholar human history (on the left). However, most of the events described by those of RA are not directly dated, it's only by the reference to the event recorded in human history that the date has been written here.

The main structure of the RA timeline was excerpted from the work gathered by Dr. Scott Mandelker in his latest book, [Book III: Selected Essays 2001-2010](#). I have also added supplementary quotes mentioned by those of RA in the RA Material.

If the reader finds events in the RA Material that are not reported below, then please feel free to send me an email with the quote reference from the RA Material and the link referencing your source of that human event.

Also the amount of data being enormous I had to make a choice on what kind of astronomical calendar to use as a 3rd reference. I finally decided to use one out of many Zodiacal ages, so the reader may find that this zodiacal age differs from other website.

BP: Before present time is calculated by adding 2,000 years to historical dates noted in BC.

The dates below are merely indications helping to have a general idea of what might have been happening in the last cycle of 26,000 years. Please bear in mind that they do not represent accurate facts as history is recorded and written by humans, who in general have their distortions (ie. closer to our present time, one can notice the burning of many many books in the world, and so goes Earth history, in ashes and smoke!)

Thank you for understanding that this is a work in progress, and it may be updated whenever I find relevant information.
